**Policy Statement**

The purpose of the facilities of Columbia International University (CIU) is to support the mission and strategic goals of the University. Policies procedures have been established to ensure compliance with these goals, their consistent application, and the orderly use of these facilities within the resources and mission of the University. University facilities exist to accomplish the educational objectives and programs of the University. University departments, University affiliated organizations and recognized student groups and organizations are granted use of these facilities for educational, cultural, developmental, and social programs and activities within the guidelines of this policy.

Departments and affiliations of the University shall have priority in the use of University facilities. Recognized student organizations and University affiliated organizations shall have priority in use over non-University organizations. The facilities are available primarily for programs offered by and intended for the CIU and Ben Lippen School (BLS) community. To the extent that space is available, the University welcomes community groups and organizations to utilize limited, designated spaces in campus facilities and grounds for purposes compatible with the University’s mission and strategic goals.

Recognizing the use of CIU’s facilities is, first and foremost, a ministry, CIU reserves the right not to permit facility usage to persons or groups not affiliated with CIU who hold, advance, or advocate beliefs, or advance, advocate, or engage in practices that conflict with CIU’s faith or moral teachings, which are summarized in the CIU Statement of Faith.

**Rationale**

The facilities of Columbia International University were provided through God’s benevolence and by the sacrificial generosity of donors and supporters. CIU desires that its facilities be used to bring glory to God and to further the mission of CIU. Although CIU facilities are not generally open to the public, CIU makes its facilities available to approved individuals and organizations as a witness to the Christian faith, in a spirit of Christian charity, and as a means of demonstrating the Gospel

of Jesus Christ in practice. The purpose of this policy is to provide clear and consistent guidelines for the usage of University facilities and grounds.

### **Policy General Guidelines for Use of University Facilities and Grounds**

The general criteria for use of University facilities shall include the following:

1. The function/event is compatible with the mission of the University.
2. The function/event can be adequately supported by available facilities, personnel and resources.
3. The function/event is compatible with the purpose of the sponsoring group or organization.

Because the use of University facilities or property presents the possibility of disturbance to normal University activities and damage to University property, the criteria for the use of space shall include the following:

1. No permanent or semi-permanent structure may be constructed except upon authorization by the Chief Financial Officer or designee.
2. No activities may be held within a space if the intended use is not consistent with its normal or primary function.
3. Graffiti, for purposes of this policy includes all forms of writing, drawing, marking, or painting on objects, buildings, or walls, whether stationary or mobile is prohibited. Chalking, for purposes of this policy, refers to the water soluble chalk that, under the following conditions, is permitted:
  - a. Permission to chalk is limited to recognized University student organizations for the purpose of promoting events or programs.
  - b. Only water soluble chalk may be used.
  - c. Chalking is only permitted in open areas that can be directly washed by rain. Chalking must be on a horizontal surface not covered by an overhang.
  - d. Chalking is prohibited on all vertical surfaces, including but not limited to buildings, walls, signs, statues, monuments, and benches.
4. All users are responsible for the cleanliness and order of all spaces during and following their use. No unaccompanied/unsupervised minors are allowed on University grounds.
5. All activities or events must be conducted in such a manner that campus pedestrian and vehicular traffic are not impeded. Such activities or events must be coordinated with Campus Security.
6. No person associated with the University shall use for his/her own financial benefit University facilities or property, except as specifically authorized by this policy.
7. Use of University facilities is subject to a use and maintenance fee. Because use of University facilities is, first and foremost, a ministry as opposed to a profitable enterprise, the fee may be lower than market rates. The fee may be adjusted or waived at the sole discretion of the Chief Financial Officer or designee.
8. University officials reserve the right to terminate any use of University facilities or grounds if, in the judgment of those officials, the continuation of such use will result in: (a) danger to participants or others; (b) unlawful conduct or violation of University policies by participants or others; or (c) interference with, disruption or disturbance of the University's faith, mission, operations, business, or functions.
